## COMPILED RECORDS SHOWING SERVICE OF MILITARY UNITS IN VOLUNTEER UNION ORGANIZATIONS

Roll 24

ILLINOIS

Fifty-ninth Infantry
through
Sixty-fourth Infantry

THE NATIONAL ARCHIVES
NATIONAL ARCHIVES AND RECORDS SERVICE
GENERAL SERVICES ADMINISTRATION

Washington: 1964

## INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

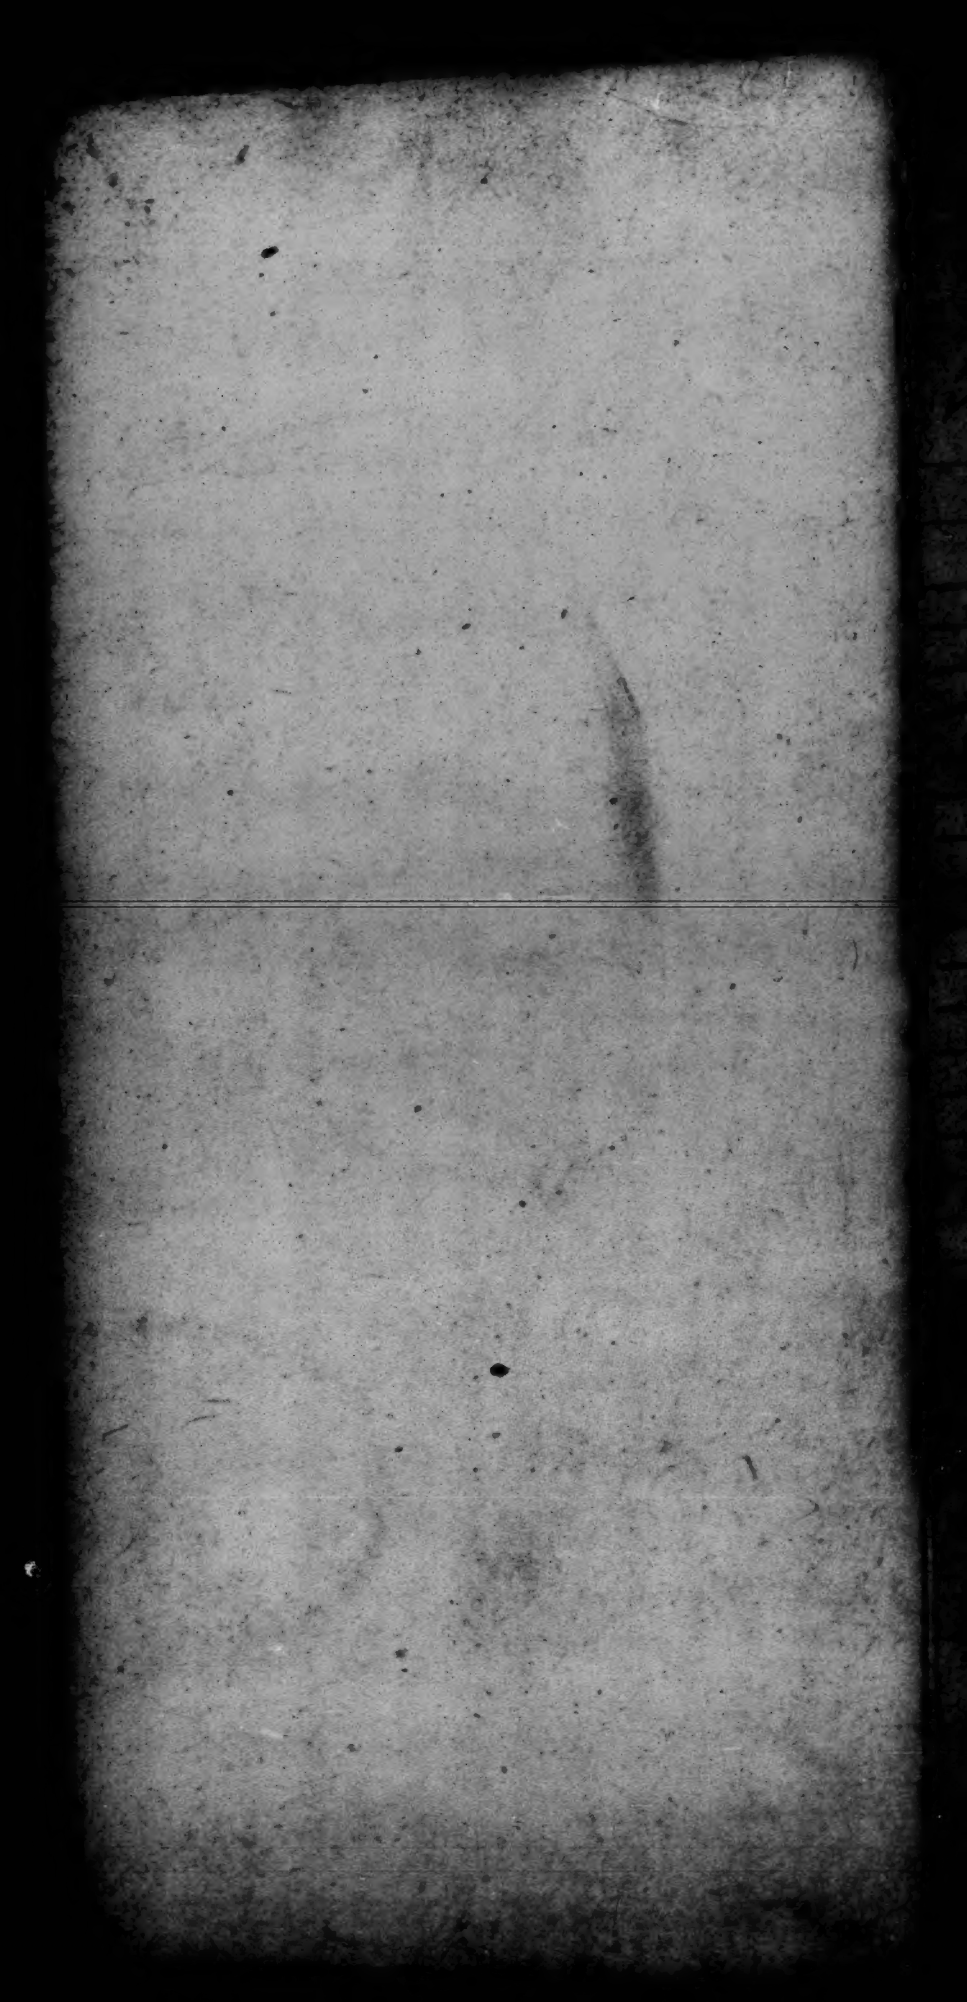

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

On the 7th of March the enemys forces attacked our army in the rear at Pea Ridge ark about 9 o'clock A.M. About 11 o'clock our Brigade were marched from their Camp and about 1 o'clock we were filed into a brushy woods near Leetown and were marched to the front on the right of the 37 Ills when we soon engaged a large number of the Rebels. Our men fought Coolly and bravely probably half an hour when our Brigade were compelled to fall back a short distance on account of the vastly superior numbers of the enemy. Our two Regiments numbered between 900 and 1000 men and the traitors forces were afterwards found to be between 4000 and 5000. Our Company did their part-

gallantly 2 Lieut-James A Beach was dangerously wounded and three of our men mortally one severely and four slightly wounded our Regt was kept on the Battle field till after 12 o'clock that night. The 2d day we were on the field by 8 o'clock in the morning and for over two hours we were exposed to an almost continual cannonading from the Enemys batteries but as we were concealed most of the time behind a fence the shot passed over us. After our batteries had about succeeded in silencing many of the Rebels cannons we were advanced the extreme right wing and charged across a field into the woods on the opposite side of the hollow where we had a slight engagement when the Rebels were soon entirely routed There were none of our men wounded during the 2d day but they deserve more credit for the coolness and bravery which they displayed

On the 5th day of Feb 64, Edmund L. Park a Citizen of Ill arrived here with a commission from the Governor of Illinois as First Lieut in this Company which he obtained by virtue of a recommendation from Col Jos. W. Torrey and was mustered in accordingly. — Thus a citizen was promoted to be 1st Lieut over 2d Lieut James T. Stewart who had been in service two years and against whom no fault was found.

This circumstance creates much dissatisfaction and some disorder among the men of the company (who had already re-enlisted into the Veteran service) and is considered an infraction of the spirit of Genl Order 191 of 1863 War Dept

rest of the Corps.) to the mouth of Snake Creek Gap where fortifications were thrown up & the Regt. remained until the wording of the 3d. when it again moved on Resaca. and took part in the Skirmish there for three days being four more men wounded. After the evacuation of Resaca by the Rebels we moped with our corps to Kingston Ga. where we remained for three days. moving again on the 23. marching mostly by night over horrible roads through a rough mountainous country without tents the rain often pouring down in torrents: at last reached Dallas (nearly worn out with exposure and fatigue) the morning of the 27. Companies A & F. under command of Capt. C. Conger were sent out as skirmishers and were hotly engaged all day with a loss of 4 Killed and 9 wounded 3 mortally Capt. Conger was severely wounded while gallantly cheering on his men Co's B. C. D. E. H. & K. were afterwards engaged as Skirmishers with com loss. The whole Regt. were exposed for two or three days to fire of the Rebels sharpshooters and several men were wounded by them. The men have suffered much for want of ration & the insufficient diet has been the cause of considerable sickness. The men have borne their hardships without a murmur & with but very few exceptions both officers & men have evinced a spirit of valor and patriotism worthy of the Glorious cause in which they are engaged.
